Education

Dharmsinh Desai University CPI: 8.49	2023 - Present Nadiad, Gujarat
Alpha High School (GHSEB) Percentage: 76.76	2022 - 2023 Junagadh, Gujarat
Alpha Vidhya Sankul (GSEB) Percentage: 90.66	2020 - 2021 Talala-gir, Gujarat

Technical Skills

Programming Languages: C, C++, Java
Web stack: Node.js, Express.js, Spring Boot, Spring Security, React
Databases: MongoDB, MySQL, PostgreSQL
Tools: Git, GitHub, Postman, VS Code, IntelliJ IDEA
Core Concepts: Data Structures & Algorithms, DBMS, OOP
Soft Skills: Problem Solving, Team Collaboration, Leadership, Communication, Time Management

Projects

CampusConnect – A Centralized Platform for College Communication | *Spring Boot & Security, PostgreSQL, Redis React* 🔗

- A verified, multi-tenant campus platform that centralizes announcements, events, club management, and personalized student feeds with strict role-based access control.
- An integrated digital publishing workflow for a university newspaper and research submissions—supporting submission and publication across colleges.
- **View Deployment:** campus-conect.xyz

BidVault – Online Auction System | *Node.js, Express.js, JWT, Websocket, MongoDB, Cloudinary, Redis, React* 🔗

- Built a real-time online auction platform where users can create, browse, and participate in verified auctions with live bidding updates.
- Implemented automated bidding, secure payment handling, and admin-controlled auction moderation to ensure fair and transparent auction operations.
- **View Deployment:** Explore

CollegeBook – Social Media App Database Design | *PostgreSQL, DBMS* 🔗

- Designed a normalized PostgreSQL schema for a college-centric social platform with scalable relational architecture.
- Applied normalization, indexing, and integrity constraints to optimize query performance and maintainability.

Position of Responsibility

Founder & Lead 2025 – 2026
Programming Club

- Founded the Programming Club to build a coding culture among students through contests and collaborative learning.
- Organized competitive programming events and led post-contest sessions on problem-solving, algorithms, and logical reasoning.

Achievements

- **1183** Rating on Codeforces and solved 300+ problems. Profile: vasuchandrani
- **1630** Rating and on top 20% at LeetCode and solved 300+ problems. Profile: vasuchandrani
- **1400+** Rating and 2 star at codechef. Profile: vasu_chandrani
- Solved **900+ problems** across multiple coding platforms. Profile: vatsalchandrani
